# JACK THE BIKE MAN, INC.

is a not for profit organization founded by Samuel H. "Jack" Hairston III. Chances are you've seen Jack on the evening news or in the paper. For more than seven years now he has fixed bikes and handed them out to needy

children in the area. Especially around the holidays when Jack has his biggest bike give away of the year. All of this is possible only with the help of volunteers and contributions. The popularity of his organization has grown and with it the costs. It has become a

full-time year long job for Jack. He drives all over town collecting bikes or donations of parts. He could sure use your help.

Contributions of money, time, and of course bikes are needed to keep "Jack the Bike Man" rolling.

## Mission Statement

The Mission of "Jack the Bike Man" is to provide education, guidance and training to at-risk children of migrant workers and their parents, and to give hope with skills that will assist them in their transition to a new life in the United States of America through bicycle programs and other projects.

## Vision Statement

With after-school programs like bicycle repair and maintenance, supported by counselors providing language-comprehension classes, social conduct guidance, emotional support as well as a mentor program provided by volunteers. The children will learn responsibility, family values, honesty, trust and self-esteem. This will aid them in becoming productive members of our society, less inclined to become involved with gang activities.

## Proposed Mentor Program

Six youths from 12 to 16 years of age will participate at a time for 8 sessions. There will be possible mentors available. Each youth will be taught basic bike repair such as tire patching, brake adjustments and gear repairs. The youths will receive one bike to completely rebuild and then give it to a friend. He will then be given a bike to rebuild for himself. When he completes the work he will be encouraged to come back to the next course to help with the new youths. All of these youths will be encouraged to continue to do volunteer work with the bike program, especially in repairing the hundreds of bikes for the Christmas bike drive for the very young.

## Bike Collection

Neighborhood associations, Home Owners Associations, and gated communities can collect bikes in their neighborhood and arrangements can be made with Jack the Bike Man to have all the bikes at a specific location where the bikes can be picked up by a Jack the Bike Man volunteer. Some communities have matching grant programs for improving and beautifying the communities. All of the volunteer hours donated in collecting the bikes can go towards those grants.

So, if you have an old bike that you would like to give away, would like to help fix bikes or simply send a cash contribution please give Jack a call. Any help is sincerely appreciated.
